Open Enrollment 2015

NOV. 15, 2014 – FEB. 15, 2015

Open Enrollment is the **ONE TIME** during the year when most Californians who need insurance cannot be denied by a health plan and when millions can get subsidized health insurance for the upcoming year.

(Individuals who have limited income may enroll in Medi-Cal year-round.)

Key Dates

Open Enrollment **starts Nov. 15 and continues through Feb. 15** and offers all individuals — sick or healthy — the opportunity to get the health coverage and care they need. In California, coverage is offered through Covered California at **CoveredCA.com**, the state marketplace. If you do not want a subsidy, buy directly from a health plan.

Shop Smart

The new Covered California website offers **interactive shopping tools** that allow individuals to pick a plan that is right for them. Consumers can shop and compare their options based on their age, where they live, their household income and number of people in their household. These factors determine their premium and amount of any subsidy they may receive.

Find Help

Health insurance can be complicated. Consumers can seek **free, confidential assistance** from more than 28,000 individuals in California who stand ready to help them enroll or by visiting **CoveredCA.com**. Click on **“Find Local Help”** to search for a Certified Insurance Agent, Certified Enrollment Counselor or county eligibility worker.

Consumer Choice

Covered California offers **a range of choices** of private health insurance plans. Consumers can choose the health plan and level of coverage that best meets their needs and budget. At Covered California and in the individual market, consumers can compare based on standard benefit designs and know that all essential health benefits are covered.

(Las personas que tienen ingresos limitados pueden inscribirse en Medi-Cal durante todo el año)

Fechas Importantes

Los consumidores pueden comprar y comparar sus opciones en función de su edad, el lugar donde viven, el ingreso familiar y el número de personas en su hogar. Estos factores determinan la cantidad que pagarán y la cantidad de ayuda financiera para pagar las cuotas mensuales.
